

OVERVIEW

A contractual services agreement must be in effect with every family who provides Transitional Placement Program (TPP) shelter home services. The processing of these contracts is the responsibility of the Bureau of Grants and Purchasing (BGP) in central office. Requirements for all agency contracts are located in the Administrative Handbook.

PLACEMENT

In order to place a child in a TPP shelter home bed, the foster care worker must first demonstrate that the following placement search steps have been completed:

- Attempted to identify an appropriate relative placement and one was not available.
- Attempted to find a licensed foster home placement, without success.

Placement During Business Hours

The requesting county will identify an appropriate TPP shelter home. If the TPP shelter home is not licensed by that county, the requesting county will contact the licensing county and ask for permission to utilize the TPP shelter homes and the TPP shelter home will be contacted.

The requesting county must seek approval from the county director prior to requesting a TPP shelter home placement. The county providing the TPP shelter home placement must assure the county director or designee approves of the TPP shelter home placement. After approval from the county director, either the requesting county or the licensing county will contact the TPP shelter home. The county utilizing the TPP home must forward approving correspondence to the Regional Placement Unit (RPU) for tracking purposes.

Placement After Business Hours

The county will identify an appropriate TPP shelter home. If the TPP shelter home is not licensed by that county, the requesting county will contact the licensing county's on-call supervisor and ask for permission to utilize the TPP shelter homes and will contact the

family. Each county must assure that the on-call supervisors have the most recent list of approved TPP shelter homes available for placement. The requesting county must send a follow up email to the RPU indicating that the approved placement was made after hours. The email should include identifying information regarding the TPP shelter home utilized and the child's identifying information.

Placement Made by a Private Contracted Foster Care Agency

Private agencies should work with the county offices for approval to utilize TPP shelter homes.

Borrowed Bed Requirements

If a placement in a TPP home results in the need for a borrowed bed, the TPP contract and a signed CWL-4619, Borrowed Foster Home Agreement for TPP Placements and CWL-4619-A, Borrowed Foster Home Agreement for TPP Placement replaces the need for the tasks outlined in R400.12326, Borrowed Home. The certifying child placing agency (CPA) maintains all licensing responsibilities, including special evaluations for the duration of the borrowed foster home agreement. The foster home must continue to follow the certifying agencies' policies.

Placement Documentation

The caseworker must document and add the TPP shelter home placement in MiSACWIS as a new foster home placement.

LOCAL OFFICE

The local office must do the following when identifying a new TPP shelter home:

- Ensures the home has a valid foster home license in good standing.
- Sends an email to central office to request a new TPP contract.
- Reviews the contract with the family and obtains signatures.

- Returns the signed contract to the program office mailbox at, [Michigan Department of Health and Human Services \(MDHHS\) TPP Mailbox](#).

Note: To request a new TPP contract email the above mailbox.

PROGRAM OFFICE

The program office must do the following:

- Obtain approvals from appropriate MDHHS leadership.
- Completes the request for a new contract in SIGMA and works with BGP to establish the contract.
- Coordinates with the local office to ensure contracts are signed and returned appropriately.

BUREAU OF GRANTS AND PURCHASING

BGP is to:

- Review the SIGMA request to ensure it is complete.
- Process the TPP contract and send the TPP contract to program office for signature and review.

Note: The TPP parents should have signed the contract copy.

- Distribute to the local office for signature and then the executed contract is sent to the contractor and program office.

MANAGEMENT OF FORMS AND PROCEDURES

The DHS-2597, Personal Property List is used by the TPP shelter home as an intake record of a child's personal belongings, as well as a release record. The form serves to avoid confusion as to the ownership of personal property as children are entering and leaving a shelter home. This form is completed in the home by the TPP shelter home parents and later filed in the local office records and uploaded into MiSACWIS.

PROGRAM EVALUATION

The program evaluation must be completed annually by the local office staff overseeing the TPP shelter home. It is an evaluation of activities and performance, a report of significant changes in the home or family, and a planning tool for both staff and the shelter home parents. A copy is to be retained in the local office and uploaded into the MiSACWIS provider record. The evaluation must be completed and forwarded to program office annually.

The following is a guideline for the completion of the evaluation that must be completed quarterly:

- Name, TPP Shelter Home.
- Fiscal year.
- Name of the staff completing the report.

The statistical section of the program evaluation should be completed as follows:

- Total number of children served.
- The average number of days children are placed.
- The average age of children placed.

Parent involvement and growth should describe the TPP shelter home parent's involvement with the children and the shelter home parent's ability to provide care for children needing emergency placement. Information should be included regarding the parent's relationship and cooperation with staff.

Shelter home utilization should describe significant events in the home and speak to the effectiveness of the home, including the most appropriate age, gender, and characteristics of children to be placed in the home.

PAYMENT FORMS AND PROCEDURES

The TPP shelter home parents are responsible for completing the MDHHS-3469, Statement of Expenditures and the TPP placement tracker forms each month.

These forms should be provided to the local office, who should review the forms for accuracy. After reviewing the forms, they should be forwarded to the [MDHHS TPP Mailbox](#).

Payment forms are due no later than the 15th day of each month for services provided in the preceding month. Payment forms must be completed for the entire calendar month.

Program office will complete any SIGMA responsibilities associated with contract payments for a TPP shelter home. The MDHHS-3469 is provided to the TPP shelter home contractor by program office and must be utilized for all billings to ensure that the appropriate funding source is being used.
